

To guardian

Request for students health journal

- The students health journal is a document that only authorized personel at the school healthcare can take part of. By following up the student's health during all school years it gives important information about vaccinations, hearing and eyesight tests, height and weight development and other medical information.
- The school health care wishes to get your consent to retrieve the journal from your child's previous school/Swedish child care center (BVC).

Please fill in this form and send it to Skolhälsan/Sollentunahälsan AB (address below).

Kind regards, *The School nurse*

Students name: _____ Social security number: _____

Present school: _____ Class: _____

Name of the **previous school/Swedish BVC:** _____

Address of the **previous school/Swedish BVC:**

Guardian's signature / Underskrift vårdnadshavare

Cell phone number / Mobilnummer

If your child has not been to a Swedish BVC or school – please make a copy of your child's vaccination record and send it to us (address below).

If you do not have your child's vaccination record – please contact Skolhälsan at info@skolhalsan.se.
